

**APPLICATION FOR TRANSFORMATION AND TRANSFER OF AN
WATER ENTITLEMENT FROM THE HAY PRIVATE IRRIGATION DISTRICT**
(Rule 11 and Rule 12 Water Market Rules 2009, *Water Act 2007(Commonwealth)*)

This form is for the transformation of an existing Water Entitlement within the Hay Private Irrigation District into a water access entitlement under Rules 11 and 12 of the Water Market Rules 2009.

Please note that a separate form must be completed for each individually registered Water Entitlement to be transformed. Thus multiple lots /properties with one property title requires one application form, properties with different titles require a separate application form and fee. This form covers the Water Entitlement for both general security and supplementary water. Stock and Domestic Water can not be transformed. The cost to transform supplementary water may exceed its value thus it is recommended that irrigators seek independent advice prior to transforming supplementary water.
